STARFLOWER EDUCATIONAL & USAGE TIPS

CLEANSERS

- a) Crème Cleansers are also exceptional shave creams for both men & women. Soothe, moisturize and protect the skin. No drying chemicals. Close & smooth!
- b) Apply Dry Exfoliants with a few drops of water for the most nutritive, aromatherapeutic, exfoliating & luxurious cleanse on earth! You can leave it on until it dries so that your skin will absorb the fresh almond milk and rare essential oils.

NUTRIENT / INTENSIVE MOISTURIZERS

- a) Light, yet nutrient packed and highly absorbent with organic herbs, essential fatty acids & essential oils!

LAYER THE SKIN FOR WINTER

- a) It's better to have two or three layers on for winter. Day Time: Cleanse, tone and moisturize with a light, nutrient-rich moisturizer such as Starflower's Nutrient Intensives or SkinDance, then apply a richer Crème such as Rose Gold Face Crème or Day Replenish to especially dry areas for more hydration and moisture protection. Day & Night: After cleansing and toning apply Royal Rejuve Night Serum and a Starflower Nutrient Intensive or SkinDance. Night Time: Restora Night Serum is rich in vitamins, minerals and moisturizing oils for replenishing the mineral/silica layer of the skin.

- b) All Special Face Treatments are to be applied after toner and before moisturizer.

- c) OxyGold -leave on all nightmask. Contraindication: do not use Royal Rejuve hydrating serum and OxyGold together. Redness may occur.

ORDERING & SHIPPING POLICY
